Previous to the Advertiser's account of the send off given Judge Humphreys, its readers had an idea the judge did not have a friend in the world.

It is sincerely hoped that Judge Gear's first jury will not be a repetition of the jury which gave judgment in the Gibson breach of promise case several years ago.

Judge Gear will please take notice that Thurston's organ has told him how to run his court. The public has an idea that Judge Gear knows how to conduct his court without suggestion from Thurston's gang or any other. That was the view taken by the President in appointing him to office.

The appointment of Charles Thurston as chief of the Fire Department is a very proper recognition of the capability and all round worth of one of the city's most popular young men. Mr. Thurston during his connection with the department has proved himself a hard worker strictly attentive to duty and well able to cope with whatever difficult situations he may be called upon to deal with.

Another peace proposition report follows the account of the recent successful attack upon a British garrison. Kitchener seems to have one of the ready to give out every time he suffers a reverse. Both who is now said to be conducting negotiations for the Boers has done the same thing before. Thus far the most notable feature of his efforts has been inability to stop the Boer fighting after the terms are made.

While the establishment of a local brewery may not meet the approval of prohibitionists, as a factor in diversified manufacture for supplying local market demands it is to be hailed as an evidence that Hawaii is growing out of its old ruts. What has been done to supply the user market may also be done in other lines of manufacture as well as in agricultural products. All that is needed is the progressive business power that has the capacity as well as the courage to branch out.

BREACH OF PROMISE MISTRIAL

In the Japanese breach of promise suit, given to the jury last Saturday, a verdict could not be agreed upon, the vote standing 5 to 7. Messrs. Neumann and Robertson, counsel for the respective sides in the case did not object to calling it a mistrial. The jury was therefore discharged.

Judge Humphreys was occupied with a few court matters Saturday which he attended to preparatory to his departure for the Mainland. In the matters of J. A. McCandless and Henry E. Cooper the rule to show cause was dismissed. The Gill case was assigned with all the issues involved to Judge George D. Gear.

Interesting Mortgage Lawsuit.

The Hilo Tribune reports an interesting law suit in Judge Little's court last week in which H. Hackfeld & Co., Ltd., sought to foreclose a mortgage made by Grossman Brothers on their Olua coffee lands. Under the terms of the mortgage contract, the plaintiff was to furnish such sums of money as might be needed from time to time for the development of the plantation such not to become due until 1907, provided all the terms were complied with. One of the terms was that the mortgagor should cultivate the coffee plantation to the satisfaction of the mortgagee.

The defendant proved by expert testimony that the land had been cultivated according to the best methods. The plaintiff claimed that while this might be so, yet the contract provided that it should be to their own satisfaction, a matter of which they, the plaintiffs, must be the sole judges.

Judge Little gave judgment in favor of defendants, on the ground that the dissatisfaction of the plaintiff was without just foundation. The case will be appealed.

Looking for a Consignee.

Captain Johansen of the American schooner Prosper is looking for a consignee. He arrived from Newcastle this morning, with a cargo of coal to order. He was unable to find out who owned the coal, although he made careful inquiry at all the shipping agencies in town this morning. None of them claimed to know of the vessel or her cargo.

In the charter party, it is agreed that if the Prosper does not discharge here she will go to Eleale and unload and get a cargo of sugar for San Francisco.

Australia has lost one of its best known mining experts by the death of John Wesley Hall. He and his two brothers were members of the original syndicate which purchased the famous Mount Morgan mine in Queensland from its discoverer, Mr. Morgan. Mr. Hall was appointed the first manager, and from having control of a battery of five head of stampers he developed it until, on his retirement, over 2,000 men were employed. He was manager of the mine in the historic year when \$5,500,000 was paid in dividends, and during the past few years, when about \$1,750,000 was annually divided, he and his family held nearly half the shares among them.

TREASURER RICHARDS HOME FROM CONVENTION

Theo. Richards, who has returned from Hilo, where he attended the annual meeting of the Hawaiian Evangelical Association, says that the convention was one of the most successful in the history of the organization. Over one hundred delegates, representing all the islands of the group were present. The people of Hilo treated their guests with royal hospitality. The management of the Puna plantation, gave the Evangelicals a free ride in a special train to the plantation, where a big luau was given. This was last Saturday.

Her Majesty Queen Liliuokalani attended the convention and was one of the most conspicuous persons. In the concert, given Saturday evening at the Hilo church, the ex-Queen took part in the program, playing the organ accompaniment to some of the songs. She attended the luau with her party.

Mr. Richards says that one of the most important reforms agreed upon at the convention was an arrangement by which the proceedings, which are participated in by five nationalities may be conducted in one body. During the past year, a sum of more than \$20,000 has been expended in this evangelical work. The year closed with a \$7000 overdraft against the Association. Mr. Richards was elected treasurer for the coming year and proposes to inaugurate a campaign to enlist contributions from small givers. Last year the funds were derived from the few, not more than a dozen people contributing. Mr. Richards believes that the agents of the Association do more for the plantations in the way of insuring the observance of law and order among the laborers than the ordinary peace officers. He feels that every owner of sugar stock should freely support the organization.

CHINESE COURT DELAYS.

New York, June 8.—A cable to the Sun from Peking says: Li Hung Chang has just received an edict stating that the court will leave Singan-Fu on its return to Peking on September 1st.

The Chinese troops have failed to suppress the Boxers in Central China, and the French have therefore decided to resume their occupation of Chengting-Fu and other places in that vicinity. The Chinese themselves have no expectation of success in maintaining order in the outlying districts.

The Germans are actively at work fortifying their part of the Legation quarter. One fortress is being planned for the top of the city wall behind the Legation. The Ministers have issued proclamations giving minute rules for the regulation of the quarter and closely restricting the Chinese. Nothing has been determined in regard to similar restrictions against the Legation guards going among the Chinese outside the limits of the quarter.

Life Insurance

When you take a life insurance policy you want absolute protection, aside and distinct from your investments and speculations.

You do not want the life insurance company to put your money in a sugar plantation in which you have already invested. If the sugar plantation fails, your life insurance policy falls of its purpose. If you want to leave all your money in the Islands, invest it yourself: If you want life insurance put it in a good company, incorporated under the laws of a State which does not permit a life insurance company to speculate in stocks or to loan the policy holders' money on wheat and corn fields. The Germania Life Insurance Co. of New York has more assets for each \$1000 of insurance in force than any other company in the world.

OFFICE OF
CARROLL WHITAKER,
ATTORNEY,
HILO, HAWAII.

Hilo, Hawaii, June 7, 1901.

DEAR SIRS:

In my innocence I purchased here in Hilo a jar of your

PIN-MONEY PICKLES

(put up by Mrs. E. G. Kidd, Richmond, Va.)

It brought me great trouble, and one of three things must occur :

1. You must stop making them;
2. I must get them at less expense; or
3. I'm a ruined man.

Since my first venture I've had many "jars." My family from early morn cry "Pickles;" neighbors ring the door-bell and shout "Pickles;" relatives visit me in expectation of "Pickles." Your pickles are my Nemesis. Please, Dear Sirs, quote them by the Keg, Barrel, Hogshead, Ton or Shipload, and "preserve" me.

Yours very truly,
CARROLL WHITAKER.
